252.225-7036 Buy American Act—Free Trade Agreements—Balance of Payments Program.

As prescribed in 225.1101(10)(i), use the following clause:

BUY AMERICAN ACT—FREE TRADE AGREEMENTS—BALANCE OF PAYMENTS PROGRAM (JUN 2006)

(a) *Definitions.* As used in this clause—

(1) *Component* means an article, material, or supply incorporated directly into an end product.

(2) *Domestic end product* means—

(i) An unmanufactured end product that has been mined or produced in the United States; or

(ii) An end product manufactured in the United States if the cost of its qualifying country components and its components that are mined, produced, or manufactured in the United States exceeds 50 percent of the cost of all its components. The cost of components includes transportation costs to the place of incorporation into the end product and U.S. duty (whether or not a duty-free entry certificate is issued). Scrap generated, collected, and prepared for processing in the United States is considered domestic. A component is considered to have been mined, produced, or manufactured in the United States (regardless of its source in fact) if the end product in which it is incorporated is manufactured in the United States and the component is of a class or kind for which the Government has determined that—

(A) Sufficient and reasonably available commercial quantities of a satisfactory quality are not mined, produced, or manufactured in the United States; or

(B) It is inconsistent with the public interest to apply the restrictions of the Buy American Act.

(3) *End product* means those articles, materials, and supplies to be acquired under this contract for public use.

(4) *Foreign end product* means an end product other than a domestic end product.

(5) *Free Trade Agreement country* means Australia, Canada, Chile, El Salvador, Honduras, Mexico, Morocco, Nicaragua, or Singapore;

The term refers to a product offered for purchase under a supply contract, but for purposes of calculating the value of the end product includes services (except transportation services) incidental to its supply, provided that the value of those incidental services does not exceed the value of the product itself.

(7) *Moroccan end product* means an article that—

(i) Is wholly the growth, product, or manufacture of Morocco; or

(ii) In the case of an article that consists in whole or in part of materials from another country or instrumentality, has been substantially transformed in Morocco into a new and different article of commerce with a
